Forecast for Saturday 23 Sep 2023

Weather: Dry overnight with clear spells, feeling quite cool. A bright start to the day with plenty of sunny spells develop during the day and as the winds turn southerly it will feel a little warmer. Clouding over from the west during the evening and rain from early evening. Southerly winds strengthening.

Chance of cloud-free hill tops above 700m: 90% falling to 50% in the evening, scattered or broken low cloud on northern facing hills especially during the evening.

Low cloud and visibility: Patchy cloud in the morning above 600m on more exposed north facing hills, this will lift and clear. Low cloud forming and lowering over hill tops by late afternoon. Very good visibility through the day, falling moderate or poor in the evening as cloud thickens and rain starts.
